

Things will never be the same  
Still I'm awfully glad I came  
Resonating in the shape of things to come  
Never waiting when I know there's only one

Messed it up but rest assured  
No one ever thinks they're cured  
Just a minute while I reinvent myself  
Make it up and then I take it off the shelf

[Pre Chorus:]  
Over the laws of light  
Over the moon by midnight  
Let's do it all this time  
Everyone wishing well we go

[Chorus:]  
Everyone knows anything goes  
We are the lotus kids  
Better take note of this  
For the story

The rising moon is on the shine  
The blood of scorpios a nine  
Like the fear that's in the eyes of every doe  
Say it now cause John and Jane would like to know

Is it safe inside your head  
Songs to serenade the dead  
All along I said I know no enemies  
Mix it up until there are no pedigrees

[Pre Chorus]

[Chorus]

[Pre Chorus]

Enter the rolling tide  
Over the ocean so wide  
Let's do it all this time  
Everyone wishing well we go

[Chorus x3]
