skasolo: Maybe a bit hard for beginners (some hard chord changes), but its an excellent tab. If your a beginner, just play major chords. It'll still sounds good

western: great tab for verse's the f6 etc are a bit confusing though,i think a d major is better than dsus2 in intro etc

schnulli700: thanks, but in the chorus you forgot one chord: it's C G A, the G in the middle play it and yo'll see, you need it ..
