

Okay this is my first official Tab, so I hope everythings fine, I will just post the it's up to you how you develop the rhythms (or get it by playing with the tune, it's not hard ;))

Verse:

```
      Em
e |----- (12) ----- (12) ----- (12) ----- (12) -----|
h |---- (12) ----- (12) ----- (12) ----- (12) ----- (12) -----|
g |----- (12) ----- (12) ----- (12) ----- (12) ----- (12) -----|
D |-----|
A |-----|
E |-----|
```

() means either palmmuted (softly) or played on the fret, choose as you like!

```
      G

h |---12---12---12---12---12---|
g |---12---12---12---12---12---|
