

Funny Face
Snow Single
Red Hot Chili Peppers
Bass Tab

NOTE This is a very tough song to play, especially w/ all the improvising that flea does. On the Chorus you can improvise yourself but i tried my best to get all the notes right and i think i did.*****

Now since this is a track off a single, I'm guessing not many people are going to be at this tab, but hey, this song is awesome so here goes nothing. Listen closely and you'll find that this tab is just about perfect.
