lukat93: great tab, just one thing wrong, when the interlude comes it's not G (12 12 12) but it's Em (14 12 12)

D_Brunk_182: great tab but i don't understand the solo.. maybe i need to just play with it more. i know it's your own and not original to the song so maybe that's why it gets confusing. either way, thanks man!
