raty06: wers d tab 4 d chorus tho haha nice tab tho iv bin wantin 2 play dis song 4 ages haha plz try an tab d chorus tho plz t hanx

cooljew: hey dick****, the others tab is not wrong, they're called power chords dumbass, ever heard of them?

nabby2016: alright i wasnt really trying to ridicule you or criticize you i was just saying that that tab is incorrect in the s ense that the power chords only play 2-3 of the notes of 4,5,and 6 note chords. so it will never sound or feel the same if you play just power chords opposed to the full chords.
