Chorus 1

Each Chord here is strummed except for chords done twice in sucession, which is done as shown, twice.

I have put a * over them to avoid confusion.

Richardt: nope

 a_n_f : would be better if you put hammer ons and pull offs in the solo, otherwise it aint too bad. Sounds nearly the same. 4 stars

Imperial Throg: pretty good thanks. I think at the chorus it sounds more like a Bm where youve put a G, but the rest seems really good.
